Battery Strapping Tool for 13mm / 16mm - PP and PET Strap Manual operating mode

ITA 22 is an "entry-level" strapping tool designed for multiple light applications with 13/16 mm PP and PET straps.

ITA 22 is commonly used in various applications such as boxes and cartons, in the glass and ceramic industries, for food packaging, in the fruit and vegetable sector and in many other sectors.

Easy to be used (even with one hand), reliable and economical, ITA 22 is the right solution even for those who want to switch from a manual to a battery solution.

ITA 22 is equipped with 18V 4Ah Lithium Ions Battery, that should grant high number of duty cycles per single charge, without any memory effect on the battery.

The tool uses friction weld seal technology that guarantees high seal efficiency, without requiring any seal
