TEXTILE STRAPPING TOOL > TEXTILE

Tensioner for Textile Strap Battery Operated

ITA 71 is the innovative tensioner BATTERY OPERATED, suitable for all kind of Textile straps, up to 40mm width.

The new ITA 71 has been studied with a design that allows the easiest strapping operation.

Powerful, fast and strong, ITA 71 is equipped with integrated cutting unit and it’s manufactured to be durable and with very low maintenance required.

With the potentiometer placed under the battery, it will be possible to adjust the tensioning force up to 11000 N, without any unwanted variation during the strapping activity.

With ITA 71 goods can be secured for any means of transport and application, and it will be possible to operate in any environment, without being linked to any pipe or air systems anymore
