

EVO 16-19

PLASTIC STRAPPING TOOL > BATTERY

Battery Strapping Tool
for 16mm / 19mm PP & PET Strap
Opening Lever free
Bluetooth connection & Mobile APP

EVO 16-19 is the most suitable and reliable three operating modes battery strapping tool, studied for 16 / 19 mm PP and PET strap.

Lightweight, well balanced, ergonomic and easy to be used also with one hand, EVO 16-19 works in fully automatic, semi-automatic and manual operating mode.

EVO 16-19 is equipped with Brushless motors to grant low maintenance, high speed and improved electronic control. With the dedicated high efficiency and long life Lithium Ions battery, You can reach even more than 400 cycles per charge, without any memory effect on the battery. The tool finds application in many fields, from the timber to the corrugated, from the steel to the logistic to the brick or for any possible other strap. EVO 16-19 is the battery strapping tool for plastic strap at 360°.

FEATURES

3 Operating Modes:
Automatic / Semi Automatic / Manual
Soft mode
Easy to be used
Easy change of strap width
Digital control Panel

BENEFITS

Wide range & adjustable tension (500N-2500N)
Lightweight and well balanced
One hand operating tool
Friction weld and high seal efficiency
Easy access to wearing parts
Strong and well protected motor housing

TECHNICAL SPECIFICATION

Dimensions	330 x 140 x 142 mm
Weight (with battery)	4,6 Kg

STRAP

Type	PP and PET Strap
Width	16mm / 19mm (0.06" - 0.075")
Thickness	0,7mm - 1,3mm (0.028"-0.05")
Tensile Strength	850 - 1100 N/mm ²

POWER SUPPLY

Battery	Li-Ion - 18V - 5Ah
---------	--------------------

PERFORMANCE

Tension force	900 - 4500 N
Tensioning speed	6 mt/m
Sealing	Friction weld seal
Joint strength	75% of breaking strength*

*variable according to strap type
